#### **State Demographic Overview**

Total Area 88,752 square kilometers.

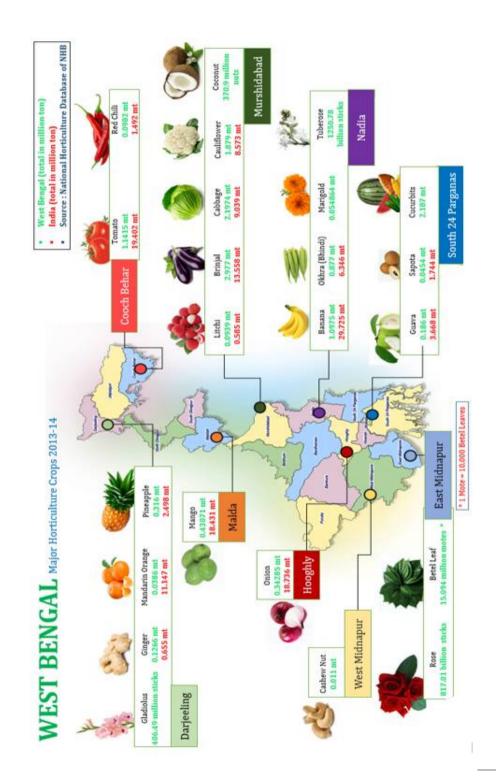

Bounded by Assam, Bangladesh, Bhutan, Bihar, Jharkhand, Nepal, Orissa, Sikkim and Bay of Bengal in the south.

4th largest in terms of population; 2nd most densely populated state.

State with decent amount of rain fall, has a huge agricultural and horticultural base as compared to entire nation. The states' favorable agro climatic zones have made it one of the leading producers of numerous food products in India.

CROP	AGRI CLIMATIC ZONES (Districts where grown)
Pineapple	Coochbehar, Jalpaiguri, Siliguri, North Dinajpur
Mango	Malda, Murshidabad
Lychee	Malda, Murshidabad, Nadia, North 24- Parganas
Vegetables	Howrah , North 24 Parganas, Nadia, South 24 Parganas
Potato	Hooghly, Burdwan, Howrah, East Midnapore
Flowers	East Midnapore, Jalpaiguri, Nadia , Siliguri

### Lands available for constructions of industries and setting up of vegetable/ fruit processing centers:

### 1. Food Park Assisted by Government of West Bengal

#### a. Malda Food Park

**Location:** In the heart of fruit and vegetable producing region in eastern India, on the outskirts of Malda(25°10′43″ N, 88°14′46″E)

On NH34 & by rail connecting Kolkata with North East States and Delhi

335 km North of Kolkata

Nepal, Bhutan and Bangladesh may be considered as export market

**Availability of raw materials:** Available liberally from adjoining districts and Jharkhand; Vegetables, fruits and paddy

#### **Local and Government support:**

Active support for project from Local, State and Central Governments

Easy availability of skilled and unskilled work force at competitive rates

**Total number of Plots available:** 10 [From 0.5 acres to 1.0 acres]

Facilities available: 2 SME units already functioning.

**Infrastructure**: Wide well paved metal roads including truck terminal; Administrative building; ETP and water treatment plant; Pack house, ware house and cold chamber; Food Court and backup power generator; Very near NH 34

#### Special incentive for units within Food Park

Term Loan @ 9.5% from NABARD

For details: www.ipshabengal.com

# STATUS AS ON 28-02-2013

#### b. Sudharas Food Park (Phase - III)

Developed by: WBIDC

Area: 34.12 acres

Location: District - Sankrail, District - Howrah, West Bengal, India.

(22°32'40" N, 88°13'19" E)

Located on NH-6 at a distance of 28 km from Kolkata. Nearest Airport – Netaji Subhas Chandra Bose International Airport, Kolkata.

Nearest Port – Kolkata Dock Complex (34 km) and also quite close to the port town of Haldia.

Nearest Railway Station – Sankrail on the South Eastern Railway (5 km)

Total number of Plots available: 2 [0.5 acres and 0.51 acres]

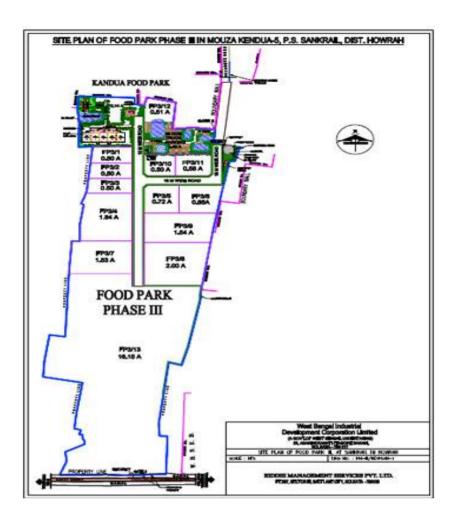

Fully integrated Industrial Park with all the basic facilities necessary for manufacturers, exporters and entrepreneurs dealing in the Agro / Food and related industries

Standard design factories with plug and play facility for small manufacturing units

#### Special incentive for units within Food Park

Term Loan @ 9.5% from NABARD

For details: www.wbidc.com

#### 2. Food Park Assisted by Government of India

#### a. Jangipur Bengal Mega Food Park

**Developed by:** Jangipur Bengal Mega Food Park Limited

Area: 86.20 acres, well developed infrastructure.

Availability of abundant quantity of raw materials in neighboring areas.

**Location:** Murshidabad District, West Bengal, India. Located on NH-34 at a distance of 250 km from Kolkata (24°27′32″N, 88°6′17″ E)

Nearest Airport – Netaji Subhas Chandra Bose International Airport, Kolkata

Total number of Plots available: 15 [From 50 dcml to 2 acres]

Ready shades with plug and play facility for SMEs – 1800+ sq. mtrs. Each.

Standard design factories with plug and play facility for small enterprise – 300 sq. mtrs. each.

#### Special incentive for units within Food Park

Term Loan @ 9.5% from NABARD

For details: www.jangipurmegafoodpark.com

## LAYOUT OF PLOTS TO BE ALLOTTED TO SET UP UNITS UNDER PHASE - I PROJECT OF JANGIPUR MEGA FOOD PARK

### Products that have a high value of production in West Bengal

CROPS
Paddy
Vegetables
Potato
Agricultural by-products
Fruits
Wheat
Tea
Jute
Condiments & Spices

**SOURCE:** Annual Survey of Industries, Government of India & Economic Review, Government of West Bengal

#### Advantages of the Food Processing Sector

A "Sunrise" Sector: Huge availability of raw materials – vegetables and fruits, flowers, rice etc..

Strong natural advantage....fertile soil, water, six agro-climatic zones.

Competitively priced skilled labour.

Plots are available in three Food Parks at attractive rates (more Food Parks may come up).

Abundant availability of power.

Industry is a low pollutant generator.

Well-developed Rail & Road Network/close to port and airport.

Growing market for processed products including vegetables, meat, poultry, and consumer (ready to eat) foods.

Industry has high "multiplier" effect, giving rise to many indirect jobs as compared to direct jobs.

Tax benefits include provisions in Income Tax, Service Tax, Customs Duty, and Central Excise Duty.

#### **Categorization of Industrial units:**

Category	Sector	Investment in P&M
MSME	Manufacturing Sector	Upto Rs. 10 crore
IVISIVIE	Service Sector	Upto Rs. 5 crore
Lorgo	Manufacturing Sector	Above Rs. 10 crore
Large	Service Sector	Above Rs. 5 crore

#### Major incentives for MSME units:

One of the most attractive incentive schemes in the country

State divided into five zones:

**Zone A:** Kolkata Municipal Corporation, all municipal areas of North and South 24 Parganas and Howrah

**Zone B:** Hooghly, rural areas of Howrah, North and South 24 Parganas, Municipal areas of Paschim Medinipur, Purba Medinipur, Nadia, Burdwan and Siliguri Municipal Corporation.

**Zone C:** Rural areas of Burdwan, Purba Medinipur, Nadia, Malda, Jalpaiguri, Murshidabad, Darjeeeling (excluding Siliguri Muhukuma Parisad), North and South 24 Parganas.

**Zone D:** Uttar Dinajpur, Dakshin Dinajpur, Birbhum, Purulia, Bankura, Jalpaiguri, Darjeeling, Purulia, Bankura, rural areas of Paschim Midnapur; also, area under Sundarbans of North and South 24 Parganas

Zone E: Coochbehar

#### Incentives provided MSME&T Department

SI	Components	MSME Policy (2013-2018)
1.	Fixed Capital (Plant & Machineries + Technical Civil work)	For Zone A and B -NIL  N.B 15% subsidy for all enterprises wholly owned by Women, SC, /ST and Minority community for Micro unit and 10% for Small unit.  (Only Plant & machineries are eligible) Investment for Micro Units.  For Zone C-  Micro- 25%, Subject to max. 50 lakh Small- 15%, subject to limit of 50 lacs  For Zone-D  Micro- 40%, Subject to max. 50 lakh Small- 30%, subject to limit of 50 lacs  Fore Zone E:  Micro- 60%, Subject to max. 75 lakh Small- 40%, subject to limit of 75 lacs  N.B:-An additional 20% subsidy for all enterprises wholly owned by Women or SC/ST or Minority community for Micro unit and 10% for Small unit. For zone C, D  & E  These incentives would be in addition to what the units get from Gol under any other schemes
2.	Interest Subsidy on Term Loan	Zone A and B- 6%of the annual interest liability on the term loan for setting up all category units for a period of 5 yrs, Zone-C & Zone-D & E areas 7.5% of the annual interest liability on the term loan for setting up all category units for a period of 5 years.  For Medium Enterprises: 25% of term loan interest, subject to max. 175 lakh for 5 years. For B & C Zone For Zone D & E 25% of term loan interest, subject to max. 175 lakh for 7 years.

SI	Components	MSME Policy (2013-2018)
3.	Waiver of Electricity Duty (from commercial production date)	Micro & Small: 50% waiver for 5 years Zone A&B, 75% for 5 years Zone C,D & E N.B 100% waivers for all enterprises wholly owned by Women, SC, /ST and Minority community.
		For Medium:  B& C 100% (25 lakhs per year max. 1.25 crores for 5 years)  D &E 100% for 5 years and 75% for 6th - 10th years subject to maximum of 50 lakh per year or 2.50 crores in 5 year.
4.	Power Subsidy(from commercial production date)	Rs. 1.00/Kwh for <b>Zone A&amp;B</b> Rs. 1.50/Kwh for <b>Zone C,D&amp;E</b> For a period of 5 years subject to ceiling of
		Rs.20 lacs/annum for Small Unit and 30 lacs/annum for medium.
5.	Incentive for Energy Efficiency	1. 50% reimbursement of the cost of energy audit undertaking by a certified agency to be available after implementation of the recommendation.
		2. 25% reimbursement of the cost of installations for energy conservations as per energy audit subject to a ceiling of Rs. 2.00 lacs
6.	Refund of Stamp Duty & Registration Fees	1. 100% for <b>Zone D</b> , <b>E</b> 2. 75% for <b>Zone C</b> 3. 50% for <b>Zone B</b> 4. 25% for <b>Zone A</b> For Medium: B, C, D & E-75%
7.	Entry Tax	<ol> <li>Reimbursement of entry tax on P&amp; M available after beginning of commercial production by the unit.</li> <li>Reimbursement of entry tax on procurement of raw materials for the initial 3 years.</li> </ol>

SI	Components	MSME Policy (2013-2018)	
8.	VAT	<b>Zone B&amp;C</b> -80% for 8 years or 75% of the Fixed Capital Investment whichever attained earlier	
		<b>Zone D&amp;E</b> -90% for 8 years or 75% of the Fixed Capital Investment whichever attained earlier	
9.	Refund of CST	Refund of CST for 3 years from date of commercial production	
10.	Water Conservation / Environment compliance	Assistance up to 50% or Rs. 2.00 lacs Max. For water conservation/ pollution control measures (Micro & Small)	
11.	Standard Quality Compliance	50% cost up to a max. Rs. 5.00 lacs for obtaining certification/ accreditation like ISO-9000,14000,18000 etc (Micro & Small)	
12.	Work force welfare assistance	Reimbursement of 100% in 1st Yr and 75% in next remaining year's expenditure incurred towards ESI and EPF as follows.  Zone-B 5 yrs Zone-C 7 yrs Zone-D& E 9 yrs	
13.	Incentive for Patent Registration/ GI	<ol> <li>State Govt. will provide consultancy and facilitation services for identification and registration of GI of items</li> <li>Reimbursement of 50% of expenditure for obtaining patent registration subject to max. Rs. 5.00 lacs</li> </ol>	

# Separate Incentives Scheme for Large Scale units is also available on the basis of the following zone (Implementing agency: C&I Department)

**Group A -** Kolkata Municipal Corporation, North 24 Parganas (Bidhannagar Municipality and Nabadiganta Industrial Township), South 24 Parganas (Alipur Subdivision).

**Group B -** Howrah, North 24 Parganas (Barrackpore and Barasat Sadar Subdivisions), South 24 Parganas (excluding the area under the jurisdiction of the Kolkata Municipal Corporation and Sundarban Development Board), Durgapur and Asansol Subdivisions of Burdwan District and Haldia Subdivision of Purba Medinipur Districts.

**Group C -** Murshidabad, Birbhum, Nadia, Hooghly Districts, Burdwan (excluding Asansol and Durgapur Subdivisions), Purba Medinipur District (except Haldia Subdivision), North 24 Parganas (Bongaon and Basirhat Subdivisions), South 24 Parganas (Baruipur, Canning, Diamond Harbour, Kakdwip Subdivision).

**Group D -** Malda, Coochbehar, Uttar Dinajpur, Dakshin Dinajpur, Jalpaiguri, Darjeeling, Purulia, Bankura and Paschim Midnapur Districts and area under Sundarban Development Board.

Detailed information is available on WBIDC website (www.wbidc.com).

#### Support Available from Government – Food Processing Sector

#### **Schemes of Cold Chain**

**Financial Assistance:** 50% of the cost of plant & machinery and technical civil works subject to a maximum of Rs. 10 crores per project in general areas.

#### <u>Schemes of Technology Up</u> <u>gradation/Establishment/Modernization of Food Processing</u> <u>Industries</u>

**Financial Assistance**: 25% of the total cost of plant and machineries and technical civil work, subject to maximum of Rs. 50 lakhs [Pending Approval]

#### Schemes of Reefer vehicles

**Financial Assistance**: 50% of the cost of New Reefer Vehicle(s)/Mobile pre-cooling van(s) up to a maximum of Rs. 50.00 lakh [Pending Approval]

Incentives also available for modified atmosphere storages for commodities such as Potato, Chillies, Carrot, Ginger, Onions, other vegetables and fruits.

#### Ease of Doing Business -

#### Faster procedures; more transparency

#### □ Time-bound delivery of services

✓ Any statutory permission from issuing of trade licenses to sanctioning building plans, conversion and mutation of land, environmental clearances, fire licenses, power connection and water permit will be delivered within prescribed time lines of 15 to 60 days.

#### □ Streamlined processes

- ✓ Innovative measures introduced to reduce documentation burden for registration processes of industry, trade license, pollution clearances and land conversion.
- ✓ Sanctioning of building plans in industrial parks/estates will now be done by the concerned IDC.
- ✓ Introduction of Web-Based Services- All acts, rules, processes, protocol, application forms are now available on the websites of the concerned government departments.
- ✓ Digital report and returns for all labour law related obligations introduced.
- ✓ Tax administration and payment for all government transactions made online.

#### ■ Single Window Services

- ✓ MSME Facilitation Centres (MFC) in each district for MSME and Shilpa Sathi for large industry
- ✓ New administration framework has been initiated in Labour and Environment Departments to help business entities as single window service.

#### □ Deemed Approval

✓ Provisions for deemed approvals introduced for applications on which suitable action is not taken within prescribed time limits related to building plan sanctions, mutation and conversions of land, factory license registration/renewal.

#### □ De-Linking of various licenses

✓ Pre-permission from other govt. departments have been done away with for faster clearances and licenses will be given by respective departments.

E-Governance initiatives of State of West Bengal: appreciated by Government of India and by Trade and Industry Associations widely

#### **Potential Areas for Investment**

CROP	PROCESSED PRODUCTS THAT MAY BE DERIVED
Banana	Starch, Chips, Powder
Cauliflower, Cabbage, Carrot	Fresh cut, Frozen and assorted products
Citrus Fruits (Amla)	Juice, candy, Powder
Fish	Fresh and Frozen processed
Guava	Juice, concentrate, Fruit drinks, frozen halves, candies
Maize	Starch, Grit, Powder
Mango	Pickle, Aam Papad, Chutney, Candy, dried mango powder etc.
Meat	Fresh and Frozen processed
Pineapple	Juice, candy, pulp, concentrate, jam, jelly, etc.
Potato	Chips, Flakes, Powder, Fries, Starch etc.
Raw Milk	Butter, creme, ghee, Cottage Cheese, flavoured milk,spreads, milk powder, ice- cream, Curd, buttermilk
Rice	Milled rice, rice bran oil, powder, poha, puffed rice, noodles, etc.
Tomato	Puree, Juice, concentrate, ketchup, sauce etc.
Wheat	Atta, Flour (Maida), Suji, Rava, Pasta, noodles

#### **Potential Projects**

A Managarity (New Heat/Plants and Heat-Plants)
<ul> <li>a) Vermicelli / Noodles/Rice noodles with different nutraceuticals/ favours /extract of fruit juice</li> </ul>
b) Neutraceuticals dosa / idli mix etc.
Watermelon juice processing and packaging unit
High end cashew processing and packaging unit
Banana products: Banana flour/pickle/fruit bar/ banana baby food etc.
Onion paste manufacturing unit
Ground nut processing (Milk, oil, cheese) unit
Ice cream within the premises of Bhagirathi Milk Federation
IQF of fruits and vegetables unit
Sunflower oil processing unit
Guava processing and pickle manufacturing unit
Starch Factory
<ul> <li>a) Bread, cakes etc. enriched with lycopene, anthocyanin, carotenoids</li> </ul>
b) Anthocyanin enriched/betel vine flavored candy
c) Biscuits enriched with fiber etc.
Betel vine drink
Osmo-dried papaya, mango, pineapple etc.
Coconut products:
Coco-sip, Coco Cream/Milk, desiccated coconut
Mango, Litchi and Makhana Processing unit
Fish processing unit (Frozen & ready to cook)
Lacto fermented vegetables like cabbage, cauliflower etc.
Large modern abattoir under private sector
Fruits grading, storing and processing unit
RTS beverages of watermelon, guava, banana, vegetables
Banana Processing Unit
<u> </u>

#### **Studies / Project Profiles**

**Model 80 project profiles** related to food processing sectors which may be technically & commercially viable in West Bengal are available in our Directorate.

Food Processing sectors are: i) Bakery & Confectionery; ii) Drinks & Beverages; iii) Cereals & pulse processing; iv) Edible oil; v) Ready to Eat Food; vi) Fruits & Vegetables; vii) Milk & Milk Processing; viii) Poultry Processing; ix) Meat & Meat Products; x) Fish & Marine Products; xi) Spices; xii) Banana Processing; xiii) Starch processing xiv) Others.

A survey on Food Processing Industries has been conducted under the aegis of Department of Food Processing Industries and Horticulture, Government of West Bengal. The survey covered 341 blocks of 18 districts and Kolkata and period covered was April, 2012 to September, 2012. The survey covers district wise information on

- Consumer base in terms of age group, population concentration
- Patterns of livelihood
- Connectivity in term of road ways, rail ways and airways
- Other infrastructure covering technical education, financial institutions, power supply station
- Raw material base in terms of availability of Agriculture, Horticulture, Livestock resources

- Related infrastructure like major markets for sourcing of raw materials, cold storage including multipurpose facilities, cold chain facilities, agriculture & horticulture research station, milk chilling plants, irradiation facilities
- Category wise food processing industry
- Employment scenario
- Major players
- Investment opportunities

### District wise Investment opportunities according to survey are as given below.

#### Bankura:

A Mini Food Park can be proposed in the district. The park may be designed to accommodate oil, milk and rice processing units.

Oil seed available in other adjacent districts like Birbhum, Medinipur can be sources for the units in the Mini Food Park.

A Potato cold storage of capacity of 1.5 lakh Mt can be set up.

#### Birbhum:

This is one of the districts where raw material base like fruits and vegetables are not enough strong to create any cost advantage for manufacturing units. However units in micro and small scale can be set up to meet the local demand.

This district can be developed for rearing of animals like Bengal Black Goat, Cattle which in turn may help to attract related industries in the district.

Only exception is paddy processing where rice millers can source paddy from adjacent district Burdwan.

Moreover traditional Til Khaja and Morraba can be promoted through proper branding as the items produced from the district has accessibility to other districts of West Bengal.

#### **Burdwan:**

A Rice Bio Park can be set up where rice husk can be utilized for power generation. A report has been prepared in this regard.

Multiple milk chilling plants can be set up in the district to tap the milk produce in the district.

Cold storage for sweet water fish preservation.

2 Cold Storages for Potatoes with an average capacity of 1.5 Lakh MT.

A shift from the Non Processable to Processable forms of Potato.

There is an existing slaughter house at Durgapur, this can be modernized under the scheme for Modernization of Abattoir.

Onion Storage house: Balagarh Model can be replicated

Chilling plants of capacity 10-20 TLPD can be set up here.

#### Coochbehar:

The bountiful tomato produce in Haldibari can be processed at Haldibari itself. In bumper crop years, much of the produce rots. The bulk of the produce is usually exported out of the state to Delhi area or exported to Pakistan through the Wagah border as fresh produce. The outlet can be through New Jalpaiguri which is closer to Haldibari than District HQ at Cooch Behar. The tomato processing facility can be the nucleus for setting up a major Fruit and Vegetable Processing manufacturing unit. And this unit can be developed in PPP mode. The required land for this unit can be found in the Block Seed Farm in Haldibari, with an original area of 25 acres owned by the state Government. Some of this land was later transferred to Agriculture Marketing Department.

Oil can be extracted from linseed and sold for further processing. There were some such units in the district which one does not hear about any more. Low cost oranges from Bhutan can also be used for extraction and pouching and sold.

#### **Dakshin Dinajpur**

The district has no significant strength in terms of production of processable items other than paddy.

It holds rank 4th in sweet potato and 5th in radish which have very limited scope for processing.

However micro and small units, based on regular demand (like bakery, rice processing, oil processing, puffed rice) of the local people can be set up in the district.

#### **Darjeeling**

Indeed this is not true only for flowers. Many fruits, nuts and vegetables can be cultivated with ease here. As in 2000, even today one can see large cardamom, ginger and occasional orange trees and plants can be seen in the entire Cinchona plantation area. No wonder the district is home to the world famous "Darjeeling Tea" the most expensive and sought after tea in the entire world.

The Kalimgpong area has a tradition of growing orchid plants where many farmers grow orchid plants in green houses entirely for exports through Delhi.

The Cinchona plantation areas, primarily in Munpoo and Mansong are probably the largest land area available with the Dept. of Food Processing in the state. And this land can be commercially exploited by the Department immediately, although there have been some encroachments on the land.

#### Hooghly

Raw materials as in potato, onion, groundnut and sesame are found in abundance.

The district also marks 1st in terms of production of potato and onion, 2nd and 3rd in terms groundnut and sesame respectively in the state. The district is 7th in terms of Sweet water Fish and production of Milk is also high. Each product can find enough room for investment in this district.

Potato: Proposed manufacturing units for Value added products such as Potato Powder- Large scale units; Potato flour which has a good market in parts of India and abroad too- Large Scale units. Potato based snacks- Small scale units & SME

Onion: Proposed one Manufacturing units for Value added products such as Dehydrated onion powder- Medium scale units; Onion paste- Medium scale units

Groundnut: Proposed two manufacturing units for Groundnut which is very rich in protein and also called "poor man's nut" attracts processing units for various value added products such as Groundnut bars, Groundnut isolates, Groundnut based yoghurt, Groundnut butter, Groundnut cheese, Tofu etc will attract high investments in the district

Sesame: Proposed two manufacturing units for Value added product such as: Sesame oil; Sesame paste (Tahini)

Chilling plant- Existing 7 BMC in various blocks with a total capacity of 14 TLPD.; To meet requirement of fresh Milk 3-4 Chilling plants to be installed

Sweet Water Fish processing Unit: (Specially Genetically Improved Farmed Telapia) – One processing unit. Primarily popular for fish fillet which has a good market share and has ready investors.

#### Howrah

The district has a poor raw material base but biggest strength is its strategic location.

A standalone fruit processing unit can be set up in the district. A DPR on this project has already been prepared in this line by the Department of food Processing Industries & Horticulture.

2-3 mushroom processing centre supported with proper laboratory and raw material base can be considered. It has been observed that intake of mushroom is prevalent in urban area compare to rural area. Moreover the huge need of hotel and restaurants of Kolkata can be catered by this unit.

The district is also ideal for setting up of modern meat processing units, which needs to be approved under APEDA to facilitate export of meat from the state. These units can source the raw material (Raw meat) from up-coming modern slaughter house in Tangra under Kolkata Municipal Corporation.

Cold storage for sweet water fish preservation.

#### Jalpaiguri

In the district, a large number of SME units can be set up at different locations, preferably in the near vicinity of Jalpaiguri town which falls under the Siliguri Jalpaiguri Development area (SJDA). These can be for pre-processing tomato, papaya and peas for "table" usage, and processing the same and selling the same. In case of green peas, they can be dried, frozen and packaged. Jjack fruit pre- processing and packaging for market sale etc.

Incidentally, papaya juice is now popular as a health drink in the large metro cities of India. Oil can be extracted from linseed and sold for further processing.

There is a big opportunity for slaughtering and processing of pigs. If hygienically reared and processed, they can serve the growing demand of pork and ham in the country. These also have good export possibilities for the meat, processed and even by-products. Land given to yule Agro Industries Ltd for scientific cultivation of pineapple has now been returned back to the State Government. The department can make a proper plan for optimum utilization of the land to boost up the food processing industry in the district.

#### Malda

The district has strong raw material base in Mango, Litchi, Muskalai, Sugarcane, Makhana. Among all the verities of Mango available in Malda, Ashini, Fazli are famous as processable varieties. Dabur is also taking Himsagar, known as table variety for processing purpose. They are collecting mature green mango from orchards of Malda to reduce the transportation loss.

Hence a automated mango processing unit can be set up in the district supported by aseptic packaging facilities.

Moreover unit operating in Malda and doing marketing in North Bengal and North Eastern states has a transportation cost advantage of Rs.15/- per crate compare to that of a unit in Kolkata.

In the small and micro scale numbers of mechanized unit can be set up for production of mango paper, bari from pulses (Kalai), Makhana,

#### Murshidabad

The district is one of the major suppliers of the Goat for slaughter purpose as the district is highest in number of Goat population in the state. Moreover Bangladesh has a huge demand for bovine meat which can be targeted as presently numbers of live bovine are transported to Bangladesh through board areas in the district.

Hence it may be ideal place for setting up of a modern slaughter house for both bovine and goat.

It is also observed that a large number of bakeries in unorganized sector is prevalent in every corner of the district. These bakery units can be encouraged to modernize their plants and machineries so that the district can come up as bakery hub of the state.

A goat milk processing center in small scale can also be set up for more value addition to the total goat milk production to the tune of 16.76 thousand MT.

#### Nadia

Sorting, grading and packaging units can be set up in numbers in small and micro level for both table purpose and processing purpose for vegetables and fruits

For further processing an Individual Quick Freezing (IQF) unit can be set up to serve the export market. It is observed from the export data that a considerable amount of fresh vegetables is exported through custom stations of West Bengal to other countries.

The district holds first rank in Banana production and presently Bananas of the district is transported to other states namely Jharkhand, Orissa, Bihar. 3-4 banana ripening chambers can be set up in the district.

A soya processing plant can be set up in the district on the basis of raw material available in Nadia and North 24 Parganas. Here raw material is soya available during Chhana preparation from milk.

Cold storage for sweet water fish preservation.

Chilling plant of capacity of 10-20 TLPD can be set up in the district.

#### North 24 Pgs.

The district is very near to Kolkata, hence all the facilities including market of Kolkata can be explored by a Modern Abattoir, especially for Poultry birds.

The biggest advantage is the connectivity of the district with Kolkata airport & Kolkata sea port which may capitalize for export business.

A state of the are pickle manufacturing unit can be set up in the district which can sources raw materials from Nadia, Murshidabad and Malda and market its product in greater Kolkata area and other places of the state.

Besides small scale units can come up in the sub sector of Papad manufacturing.

Cold storage for Sea fish preservation

Cold storage for sweet water fish preservation

#### **Paschim Medinipur**

A ground nut processing unit can be set up in the district.

The district is suitable for setting up of Rice brain oil manufacturing unit.

4-5 onion storage with capacity of at least 5-6 MT can be promoted.

#### Purba Medinipur

A fish park is suggested to set up the district.

Cold storage for Sea fish preservation

The fish park like Chakgaria may house 10-15 fish processing unit.

A high end cashew processing unit can be set up targeting premier customer of the nation

#### Purulia:

One honey processing plants can be set up in the district

#### South 24 Pgs.

The district is very close to Kolkata. Hence marketing of products would not be a problem.

A large scale Sunflower oil processing units can be set up in the district.

A big guava processing unit with state of the art machineries can be set up to manufacture Puree, Pulp, Jam and Jelly.

Scheme need to be designed to introduce mechanization in processing of molaso (date). It has high demand in the domestic market.

Cold storage for Sea fish preservation

Cold storage for sweet water fish preservation

Similarly automation is needed in manufacturing of Karanda. Around 15 such manufacturing units are found in Atghora of South 24 Parganas.

#### **Uttar Dinajpur**

The district ranked 2nd in terms of production of Maize. Maize is one of the major processable cereals. A significant concentration is found in Darjeeling, North Dinajpur, Jalpaiguri, Coochbehar. Hence a new Maize processing unit can be set up in the district.

Tulaipanji and Gobindo bhog have got the statutory clearance for export from Ministry of Commerce, Gol. Hence processing and packaging unit for these particular varieties can be set up.

Food Testing Laboratories in West Bengal

SGS India Pvt. Ltd. # How to set up a Food processing Industry with necessary clearances.

 Conception of project/project selection (District wise infrastructure, raw material availability and other information is available in our website www.wbfpihgov.in).

Necessary clearance	Under Rules/Act	Contact office
NIL	NIL	NIL

## 2. Deciding Forms of Business organization.

Necessary	Under Rules/Act	Contact office
clearance		
Applied to Registrar	Under companies Act	P-15,India
of Societies &	1956(2013)/ W.B. Co-Op.	Exchange place
Company for	Societies Registration	Extention,
formation of	Rules 2011/L.L.P.	Kolkata – 700073.
Partnership deed	Act,2012/ Partnership	
and Memorandum	Act, 1932	
& Article of		
Association		
respectively.		

## 3. Selection of location of the project.

Necessary	Under Rules/Act	Contact office
clearance		
Applied for land	WBLR Act 4C 1955	Office of the
conversion.		District Land and
		Land Reforms
		Officer / Sub
		Divisional Land
		and Land
		Reforms Officer.

## 4. Arranging finance.

Necessary clearance	Under Rules/Act	Contact office
Application for term	NIL	Banks/Financial
Loan		Institution/WBFC

## 5. Preparation of project with the help of right technology, machinery and also availability of raw materials.

Necessary	Under Rules/Act	Contact office
clearance		
1. E.M-1/IEM * as	MSME Act 2006/For IEM	For E.M. go to
on date E.MI has	Deptt. Of Industrial	G.M./D.I.C.in the
been withdrawn	Policy & Promotion,	district or go to
	Gol/Industrial	www.ebiz.gov.in
	Development	for IEM online
	(Regulation) Act 1951.	filling
2. Clearance from	Under Municipal /	Local Municipality
local authority	Panchayat Act etc.	/Municipal
		Corporation/Gram
		Panchayat
3. Clearance from	The Environment	G.M./D.I.C. in the
pollution Control	(Protection) Act 1986	district or
Board (consent to		W.B.P.C.B.
establish).		Paribesh
		Bhaban;3 <sup>rd</sup> floor;
		10A, Block
		LA,Sector- III;
		SaltLake, Kol-98.
4. Approval	WB Panchayat Act 1973	Local Municipality
building plan from	under section 23/Rule	/Municipal
local authority	11 of WB Municipal	Corporation/Gram
	(Building) Rules 2007	Panchayat

## 6. Approval of project from financial institutions/Government Organisation.

Necessary	Under Rules/Act	Contact office
clearance		
Clearance from	NIL	Banks/Financial
financial institution		Institution/WBFC
for term loan or		
working capital		
loan.		

## 7. Unit development/Implementation of project:

### Projects at a glance (sector wise)

- 1. Project: Bakery & Confectionery
- 2. Products: Bread, Cake
- 3. Suggested location: Burdwan, Howrah, Malda, Murshidabad, Paschim Medinipur, Jalpaiguri
- 4. Availability/source of raw materials:
  - a. State
  - b. All over India
  - c. Import -Nil
- 5. Capacity: 600 MT/annum
- 6. Investment: Rs. 2.0 to 2.5 crores
- 7. Land Requirement: 0.5 to 1.0 acre
- 8. Investment in Plant & Machineries: Rs.2.0 to 2.50 crores
- 9. Machinery manufacturers/suppliers:

Empire Products, Ludhiana

Goodlife Technologies (P) Ltd, Noida

Pritul Machines, U.P.

10. Technical consultants: Yes:

Mr. SB Mukherjee-(M: 80178 57782),

Mr. Joy Ganguly- (M: 98303 85112)

- 11. Necessary clearances/licenses: Pollution NOC, FSSAI, EM (UdyogAadahr) etc.
- 12. Units in West Bengal: Biskfarm, Anmol Biscuits, Raja Biscuits, Terai Foods

- 1. Project: Dal Mill
- 2. Products: Red lentil (Masur Dal), Green lentil (Moong Dal), Matar Dal etc.
- 3. Suggested location: In each district of the State
- 4. Availability/source of raw materials: a. State [ Malda, Murshidabad]

b. All India (MP, UP,

Maharashtra, Rajasthan & AP) c. Import [Red & Green lentil-Canada, Australia, Uzbekistan, Mozambique, Indonesia, Mayanmar etc; Matar Dal-

Nepal]

- 5. Capacity: 10,000 MTPA
- 6. Investment:Rs. 2.5 to 3.0 crores
- 7. Land Requirement: 0.5 to 1.0 acre
- 8. Investment in Plant & Machineries: Rs. 1.0 to 1.5 crores
- 9. Machinery manufacturers/suppliers: Kissan Agro Industries, New Delhi

S. K Engineering & Allied Works,

Bahraich, UP

Jas Enterprise, Ahmedabad, Gujarat

Padsons Industries (P) Ltd

Vashist Food Associates

Machineries can also be fabricated using locally available materials.

10.Technical consultant: Yes: Vashist Food Associates, Bahadurhgarh, Haryana (Contact: +91-1276-267654, 268405, 268980, M: +91-9811113654)

- 11. Necessary clearances/licenses: Pollution NOC, FSSAI, EM (UdyogAadahr)
- 12. Units in West Bengal: Suryodaya Edibles (India) Pvt. Ltd, Prosperity Vanijjya (P) Ltd. & etc.

- 1. Project: **Dairy**
- 2. Products: Pasteurized milk, Butter, Paneer, Lassi
- 3. Suggested location: Murshidabad, Burdwan, North 24 Parganas, Bankura
- 4. Availability/source of raw materials:
  - a. State- Murshidabad, Burdwan, North 24 Parganas, Bankura, Paschim Medinipur
  - b. All over India- U.P, Bihar, Gujarat, Punjab
  - c. Import -Nil
- 5. Capacity: 50,000 Ltrs/day
- 6. Investment: Rs. 5 to 6 crores
- 7. Land Requirement: 2.0 to 3.0 acre
- 8. Investment in Plant & Machineries: Rs. 4.0 to 4.5 crores
- 9. Machinery manufacturers/suppliers:

IDMC, Gujarat

Unicorn Industries, Secunderabad

Dairy Tech India, Pune

- 10. Technical consultants: Yes Mr.P.P.Bhattacharya-9231694285 (Jaya Industries, Kolkata)
- 11. Necessary clearances/licenses: Pollution NOC, FSSAI, EM (UdyogAadahr) etc.
- 12. Units in West Bengal: Metro Dairy, Red Cow Dairy, NRS Agro, West Bengal Sate Co-operative Dairy and many more
